How about 11:30? I'll check with the reporter.

Thanks David. I just spoke to the reporter. She has a copy of our letter and would generally like someone to explain what we are asking for and why. She knows that this is the first exemption letter since these things came to light a few years ago. She also (via a FOIA request) has a draft letter from Freeport McMoran to DOGGR with answers to the questions raised in our April 19th letter. She is shocked at how fast Freeport responded to the letter. I think this will be best handled with a phone interview. Who should it be with? Both David and Mike? On background or on the record – I defer to you since I wasn't involved when all this came out. Please let me know.

Thanks!

We sent a letter to DOGGR on Apr 19th asking for supplemental information regarding their request for EPA to exempt an aquifer in SLO County. Mike and/or I can talk with her, but from the message it sounds like she may have a specific question (needs an answer by tomorrow). Helpful to know what question she has.
Thanks, David

I just got a call from Camilla Lanham who is interested in speaking to someone about the April 19th letter from DOGGR (or she might have meant to DOGGR) in regards to the Arroyo Grande aquifer exemption. She said she needs an answer by tomorrow. I am not sure exactly what letter she means – Margot can you check this out with Paul and David. Her email address is clanham@newtimes.slo.com and her phone number is 805-546-8208.
